OS 88-0130

28 January 1988

MEMORANDUM FOR: Deputy Director for Administration

25X1 FROM:

Director of Security

SUBJECT: Polygraph Examiner Surge Requirement

25X1 1. I request your assistance in seeking Executive Committee approval for the Office of Security (OS) to exceed its FY-88 ceiling [] to obtain [] on-line polygraph examiners one year earlier than currently programmed. Both OS and the Directorate are currently at our FY-88 ceiling.

25X1 2. If we do not accelerate hiring [] polygraph examiners in 1988, we will be unable to fulfill our commitment to Congress to eliminate existing personnel security backlogs and keep current with ongoing requirements by 1991. We anticipate having [] on-line examiners in February 1988. We must recruit a minimum of [] student examiners for the spring and fall 1988 polygraph classes to meet our 5-year Personnel Security Program goals. Without these additional examiners, we will have an estimated shortfall of some [] reinvestigations.
